PROJECTS

PreCook Recipe App

Search recipes and bookmark them with user authentication and CRUD functionality based on user-friendly UI/UX design.

It is optimized with Lazy loading and SPA with react-router.

React | Context API | React-Router | Material UI | CSS | Firebase | Figma

Expense Tracker

Easy to manage expenses with interactive form and summarizing data into line and pie charts with time duration filter.

Made up of intuitive UI with pop-up modals and notifications.

React | Context API | Chartjs | HTML | CSS | Figma

Curious | Portfolio

Responsive personal website made up of a modern interface, javascript animation, leaflet API, and interactive contact form.

Javascript | HTML | Sass | OPP | DOM | Figma

W3Schools Clone

Responsive website with interactive UI, dropdown, flexbox, and grid layout.

Javascript | HTML | CSS | DOM

Tic-Tac-Toe

A Classic interactive game made up of 3D buttons, a grid layout, and beautiful toss animation.

Javascript | HTML | Sass | DOM | Figma

EXPERIENCE

Production Engineer

Secure Meters ltd. | Jul'21 - May'22

Improved component traceability process with the help of software.

Redesigned a production line to prevent production loss.

Worked collaboratively with Secure meters UK on meter defect analysis.

Effectively managed seven production lines and optimized them using Shainin Technique.

Internship

Secure Meters ltd. | Jan'21 - Jun'21

Contributed in improving line productivity by 60%.

Worked with meter testing softwares.

SKILLS

Proficient at:

HTML5 CSS3 Javascript (ES6)

React Git Sass UI/UX
